## *Practical Wound Care Course*

### Objectives:

1. To outline different types of dressing for the care of relevant wounds;
2. To discuss the practice of wound management in terms of different practical techniques and uses of wound dressing; and
3. To discuss alternative choices of techniques and materials for the practice of wound care management;

### Speaker:

Mr. Pang Chak Hau—Nurse Consultant (Wound Care), YCH

**Mr. Pang Chak Hau** has been serving in different professional wound care organizations with leadership positions including World Council of Enterostomal Therapist and Hong Kong Enterostomal Therapists Association. Mr. Pang has been teaching in various in-service training courses to local health care professionals in terms of roles of enterostomal therapist, introduction to stoma, wound care products and accessories, and discharge plan and general life of ostomates.
