EWS1: Invasive Mechanical Ventilation courses 2024

Course information:

EWS1: Invasive Mechanical Ventilation (IMV) courses include two sessions: (1) an introduction on basic principles of invasive positive pressure ventilation (IPPV) including the indications, basic airway management, humidification, various modes of MV and related nursing care like evidence based practice to prevent Ventilator Associated Pneumonia (VAP), weaning, strategies to promote synchrony; (2) advanced MV concepts including ventilator strategies to reduce ventilator-associated lung injury (VALI), advanced airway management, rapid sequence induction (RSI), with consolidation of knowledge through case studies and suggest relevant trouble shooting strategies.

Speaker:

Mr. Manual M. H. CHAN is a *Fellow of the Hong Kong Academy of Nursing (Critical Care)*. He has extensive clinical experience in critical care nursing. *His expertise in critical care* is fully demonstrated as he received the *Board of Studies Award* offered by the Institute of Advanced Nursing Studies (IANS). He has also actively participated in nursing education to help develop the professionalism of nursing by acting as a visiting guest lecturer at postgraduate level in various local universities including the Hong Kong University (HKU), the Chinese University of Hong Kong (CUHK) and the Hong Kong Polytechnic University (PolyU).
